Duke Molecular Physiology Institute Integrative Biology Seminar Series,  
Fall, 2017 - Spring, 2018

Location: Michelle P. Winn Memorial Lecture Hall,  
Carmichael Building, 300 North Duke Street

All lectures are held at 5:00 p.m. on Tuesdays, except where indicated

October 3  Jeff Tessem, PhD, Asst. Professor, Department of Nutrition,  
Brigham Young University

November 3 Filip Knop, MD, Professor, Department of Medicine, University of  
Copenhagen  (Note: This lecture will be held on a Friday at  
noon)

November 10 Terry Unterman, MD, Professor of Medicine, Physiology, and  
Biophysics, University of Illinois, Chicago (Note: This lecture will  
be held on a Friday at noon)

November 16 Peter Johannes Holst, PhD, Associate Professor, Department of  
Immunology and Microbiology, University of Copenhagen (Note:  
This lecture will be held on a Thursday at noon)

December 12 Mark Huising, PhD, Assistant Professor, College of Biological  
Sciences, UC Davis

January 16 Steven Kahn, MD, Leonard L. Wright and Marjorie C. Wright Chair  
and Professor, Division of Metabolism, Endocrinology and  
Nutrition, University of Washington

January 30 David Guertin, PhD, Associate Professor, Program in Molecular  
Medicine & Diabetes and Endocrinology Research Center,  
University of Massachusetts Medical School

February 2 C. Ronald Kahn, MD, Mary K. Iacocca Professor of Medicine,  
Joslin Diabetes Center, Harvard School of Medicine (Note: This  
lecture will be held on a Friday at noon)

February 6 Matthew Merrins, PhD, Assistant Professor, Division of  
Endocrinology, Department of Medicine, University of Wisconsin-  
Madison

March 13 Clary Clish, PhD, Director, Metabolomics Laboratory, Institute  
Scientist, Broad Institute

March 20 Jared Rutter, PhD, Professor of Biochemistry and Howard Hughes  
Investigator, University of Utah School of Medicine

March 27 Janey Wiggs, MD, PhD, Paul Austin Chandler Professor of  
Ophtamology, Harvard Medical School
| April 17 | Michael Olivier, PhD, Professor, Department of Internal Medicine, Section of Molecular Medicine, Wake Forest University School of Medicine |
