

Hello Veterans!

We Are Looking for Healthy Volunteers

The purpose of this study is to examine the role of a naturally occurring hormone on insulin secretion and how this hormone helps control blood glucose levels.

We are looking for volunteers who:

- Are 20 – 45 years of age
- Have no history of diabetes
- Are willing to complete 3 study visits at the Duke Center for Living campus

** Participants will be compensated for their study participation **

For more information, please call the study team at

(919) 396-2278
