

# Explore. Discover. Reconnect.

2022 User Group Meeting

Join us for the RTP UGM on October 18, 2022.

This content-filled, one-day, in-person User Group Meeting will feature leading scientists presenting their latest research, as well as in-depth sessions focusing on key applications, sample preparation, and data analysis. You'll also get the chance to network with your peers in the single cell and spatial communities.

The meeting is free to attend, but registration is required.

## FEATURING

### Simon Gregory, PhD

Prof. & Vice Chair of Research in the Dept. of Neurology, Director of the Molecular Genomics Core Duke University, Duke Molecular Physiology Institute  
**Interrogating the Molecular Basis of Alzheimer's Disease Progression by Spatial Transcriptomics**

### Jeffrey Damrauer, PhD

Bladder Cancer Program Manager UNC School of Medicine  
**Featured Talk**

### Purushothama Rao Tata, PhD

Asst Professor, Dept of Cell Biology and Medicine, Co-Director Duke Regeneration Center, Duke University  
**Spatially resolved cell maps reveal uncharted cell populations in human lungs**

### Kaleb Naegeli, PhD

Principal Scientist Humacyte, Inc  
**Featured Talk**

### William Kim, MD

Professor of Medicine, Div of Oncology UNC School of Medicine  
**Featured Talk**

**Date:**  
Tuesday October 18, 2022  
8:00 AM – 6:00 PM ET

**Location:**  
Hilton Durham near Duke University  
3800 Hillsborough Road  
Durham, NC 27705
